They also requested that Rachel explain to all residents that they can spread out the payment and pay a little each month until the payment is due in full. Rachel will have the three different companies update the bids that she received and will resend a ballot to all the owners for a vote.

The members also discussed using a John Deere Traveling Sprinkler to water the lawns in the interim. Nat stated that the system works very well and it will travel along and water the lawn and has an automatic shut-off.

c. Animals

They also discussed that all residents should be picking up after their animals. There are a couple of units that do not follow these rules. The members discussed placing mutt-mitt stations around the property. They decided to hold off on doing this.
